He will work with Jan and the other Senators to have a good senate unity.

Student Government Association President's Remarks

Senator Saulter reported the caucus went very well. Students learned about the General Education Program from Dr. Urice and Dr. Dillingham. They explained the program so the students will be aware of the program and be a part of it. A major concern is for the students to get behind the program.

Administrators' Remarks:

President Strand

Last week the Board of Higher Education met at the University of Illinois, Urbana, Champaign. Among the action items was the approval of the HECA grants for the next fiscal year. Illinois State University was the successful applicant for five of the grants totaling \$535,000. One grant has created the B/N Education Alliance which links District 87(Bloomington), Unit 5 (Normal), Heartland Community College & Illinois State University. This is a joint venture to try to enhance the type of programmatic exchanges which exist among these four education entities, and find ways in which Illinois State University, as the leader, can assist the others with their educational endeavors.

In past years, the schools programs have had specific types of cooperation. This new endeavor will be all encompassing. It will look at two models that exist elsewhere:

1. University of Southern Colorado, and the Pueblo School District.
2. Seattle, Washington between the Seattle Public Schools, Seattle Community College District and the University of Washington at Seattle.

While this is called an Educational Alliance, it does have the potential to involve all disciplines at the University. There will be a project team identified. Persons interested in participating should notify President Strand.

Provost Urice

Searches for Dean of the College of Business, Dean of University Libraries, and the Associate Provost all are being conducted under university procedures, with chairs from the Panel of Ten.

The "threshold events" in searches, such as interviews and other decision points, will be announced in an Illinois State University Report.

For the week of September 16, Illinois State University will have on campus a distinguished artist and actor, Jeff Corey. He will lecture on Thursday, September 19, at 7:00 p.m., regarding the Hollywood Blacklist.
